

Reported passage - continuous sentence bands

3 I like my friend Tiarnán de Burca's definition of senior engineer: the level at which someone can stop advancing and continue their current level of productivity, capability, and of output for the rest of their career and still be "regretted attrition" if they leave. another thought stays in the same paragraph so paragraph scope keeps wider context stable.

An extraordinary staff path stays one spoken word.

Multi-font and ligature geometry

Serif text, sans text, monospace text.

A true PDF fi ligature keeps measured bounds.

Mixed metrics remain aligned when the active word changes.

Rotated and multi-column geometry

Left column shares a visual row

Right column stays separate.

Column gaps must not become one highlight rectangle.

Rotated words stay aligned.

Virtualized boundary fixture - page four

Boundary page four keeps a stable shell.

Virtualized boundary fixture - page five

Boundary page five keeps a stable shell.

Virtualized boundary fixture - page six

Far boundary target verifies localized shell reconciliation.
